

## TIPS FOR DRIVERS

**Bring a map of Marin County.**

**Bring your reading glasses (for the instructions & the map).**

**Bring a flashlight (in winter).**

**Bring used plastic shopping bags for organizing and carrying meals.**

**Check out your route ahead of time.**

**If possible, bring a friend! It makes things quicker and you have someone to talk to!**

**Notify us if there is anything unusual (i.e. client is weak, meals still outside of the house).**

**If the client is not home, look for a cooler. Many of our clients keep coolers next to their doors if they will not be home. Usually they are labeled "MOM." If there is not a cooler present, please hang the dinner and the lunch on the doorknob.**

**Bring your own cooler and crate so you won't have to come back to the kitchen after your route.**

**AND REMEMBER, YOU ARE TRULY HELPING TO KEEP PEOPLE ALIVE!**

**THANK YOU. WE COULDN'T DO IT WITHOUT YOU!**
